DETAILED ACTION

Continued Examination Under 37 CFR 1.114

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 5/23/2011 has been entered.

Information Disclosure Statement

The information disclosure statement (IDS) submitted on 6/2/2011 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Dhruv Kaushal on 7/26/2011.

The application has been amended as follows:

- On lines 5-6 of claim 22, --in-- has been inserted in between "disposed" and "between".

Art Unit: 3763

- On line 2 of claim 23, "the" has been replaced by --a--.
- Claims 25, 30, and 35 are cancelled.
- On line 2 of claim 26, "one of" and "and a minor axis" have been deleted.
- On line 5 of claim 27, --in-- has been inserted in between "disposed" and "between".
- On line 2 of claim 28, "the" has been replaced by --a--.
- On lines 2-3 of claim 31, "one of" and "and a minor axis" have been deleted.
- On line 9 of claim 32, --in-- has been inserted in between "disposed" and "between".
- On line 2 of claim 33, "the" has been replaced by --a--.
- On line 1 of claim 36, please delete one of the repeated commas.
- On line 2 of claim 37, "one of" and "and a minor axis" have been deleted.

The following is an examiner's statement of reasons for allowance: The prior art made of record did not disclose or suggest a valve, flow control device, or dialysis catheter including the combination of limitations recited in the respective independent claims. The closest prior art is US 4,616,768 to Flier (see Figure 2). Flier shows first and second curved slits on a planar elastic membrane and additional slits positioned to the side of the first and second slits, but Flier does not show or suggest that the additional slits are disposed in between the first and second slits. The examiner is

Art Unit: 3763

interpreting the limitation that the additional slit is disposed in between the first and second curved slits as meaning that a straight line could intersect a portion of each of the first, second, and each additional slit. This is clearly not possible with the slits disclosed in Figure 2. There is no motivation and/or teaching reference to modify the additional slits with the claimed limitations.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to THEODORE STIGELL whose telephone number is (571)272-8759. The examiner can normally be reached on M-F 8:30-5:00.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nicholas Lucchesi can be reached on 571-272-4977. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
